

Installation Terms & Conditions

Delivery is free providing it is within a 15 mile radius of Long Eaton Sheds Ltd. For locations outside this area a delivery charge is payable, the amount payable is available upon request.

We need confirmation from you that there is clear access to the point of installation. Whilst installation is usually free, if we need to access via a neighbours garden there will be a charge – price available upon request.

Consider and inform us of any height restrictions and sharp turns that our installation team may have to work around to access where you want your build positioning.

Overhanging trees or bushes also need taking into account.

Finally, a 6 inch clearance around the roof area is required for both installation and maintenance purposes.

Should you require your existing shed dismantling and removing, any electricity supply to the shed should be removed (and not powered if the supply is in our working area) prior to our arrival.

The base where we are to build the installation must be level, firm and at a minimum the size of your ordered item. Preferably the base should be made of either concrete or slabs.

Please inform us of any concerns regarding the above as we can usually come and do a site visit to check and hopefully solve any issues.

There is a fee of £100.00 chargeable should we have to revisit you through these requirements not being met on the day of installation. Should this happen we will leave the build with you (in panel form) and arrange to revisit you to complete the installation. The remaining balance must be paid before we leave your property.

A non refundable 25% deposit is required to confirm your order. Until this is paid we will not be able to process your order. This can be paid over the telephone by card, by bank transfer (details given upon request) or in cash or by card by visiting us at Long Eaton Sheds Ltd, Unit 5, Huss's lane, Long Eaton, NG10 1GS. The remaining balance is payable upon completion of the installation either in cash, by bank transfer or by using our mobile card payment terminal. The balance must be paid in full before the installation team leave your property.

Quotes are valid for 7 days and may be subject to change thereafter.

An image of your installation may be used by Long Eaton Sheds Ltd for marketing purposes. No personal details such as your name or address will be used, only the picture of your shed / summerhouse etc. Please let us know if you do not wish us to do this.
